

WOMB WEAVE

A SPIRAL AWAKENING, VISIONARY MIDWIVES & YONIVERSE PRODUCTION

Beyond procreation and hedonism, what purpose does our 2nd chakra serve? We call in women/men: shaman, visionaries, healers, artists, teachers, students, grandmothers, mothers, daughters and sisters. The Weave also heals our fathers, brothers, sons and future lovers. Womb Weavers and Visionary Midwives of all genders, let's unite and weave! A weave is stronger than we are individually. We become reacquainted with discarded, dormant, and blocked sensual Qi. Together we cultivate and witness womb-heart connections. On the energy of the lunar cycles, we co-create rites & rituals cleansing, unblocking, nourishing, connecting, empowering and enlightening source energy. There are opportunities to release and share memories, build intimacy, heal each other, connect, listen and honor our wombs, witness and process yoni healings and practice and celebrate ancient feminine rituals.
